

Scrum Developer Certified (SDC®)

Overview

In this course, students learn to understand the basics of Scrum, effectively contribute to a Scrum project, and learn how to enable Scrum Team members to apply Scrum effectively in Scrum/Agile projects. Successful candidates will be awarded the Scrum Developer Certified (SDC™) certification by SCRUMstudy after passing the included certification exam.

Target Audience

This is highly recommended for everyone in a company who works in a Scrum Team or anyone who interacts with any Scrum Team. This will also be very useful for those who are interested in understanding the basics of Scrum and how this method could be used effectively.

Course Objectives

To ensure that students understand the basics of Scrum
To enable Scrum Team members to effectively contribute to a Scrum project.
To enable Scrum Team members to apply Scrum effectively in Scrum/Agile projects.
